Offer an informational presentation:

IPad & IPod Use for Enhancing Speech Skills

Presenters:

Linda Ginesi and Megan Perkins, LLA Speech Therapists

LOVE TECHNOLOGY??? Put it to work for enhancement of speech skills through IPAD use! The hot new device for augmentative communication and speech & language development is the IPAD.

Join us as Speech Therapists demonstrate how to make use of the IPAD for speech/language purposes.

Learn how to:

1. Access and download Apps for 18 months to adult
2. Associate Apps with developmental milestones with speech & language
3. Describe how to review Apps for quality and purchase
4. Demonstrate activities for observation and question and answer

WEDNESDAY, April 27, 2011
6:30 – 8:30pm

Space is limited! To hold your spot, call today!
