

PERSON SERVED ADVOCACY COMMITTEE

MINUTES

September 28, 2011 6:00pm

ATTENDEES: Mark VanWinkle, Tom Quade, Tom Bery, Hope Carr, Tom Sullivan, Beth Loeffler, Eric Matheny, Dave Dohnal, Jerilyn George, Joelyn Karlson

→ Levy Update

Reviewed the upcoming Levy information; made mention of signs that will be going out, will send endorsement letter with the minutes to PAC group

→ Community Information Sessions

**Agenda Building
Marketing**

Decided to do the next sessions in January so as not to conflict with all of the PR surrounding the levy; reviewed session topics which may include repeating info on "what to expect from your service coordinator", JFS information (difference between denial and termination), demo of the new iData ISP; reviewed enticing the public to attend, using email facebook, will finalize January dates and book sites...will tweak that agenda at the 11/30 meeting

→ iData ISP (Individual Service Plan) update

Reviewed doing a demo of the iData plan at the next info session; question came about whether or not the iData has a "help desk" feature; have invited the PAC group to demo as families when we're ready to roll that piece out; 3 agencies are piloting from the provider end

→ DODD Updates

Reviewed the "Cost Projection Tool" project, state mandated tool to project Waiver costs for all waiver services; Reviewed the new IO waiver amendments that are now able to be rolled out and used— Remote Monitoring, Community & Residential Respite and Adult Family Living; Also reviewed that SELF Waiver is still out there, but lots of issues with rules and issues around the waiting list

→ Round Robin

Introduced Eric Matheny, New SSA Director

Next meeting will be 11/30/11 from 6-7:30
