

SPEAKERS BUREAU

The County of Summit Board of Mental Retardation and Developmental Disabilities Speakers Bureau connects our agency with the community throughout Summit County. We welcome the opportunity to share information about our agency with your club, civic organization, business, church or school group.

Find out about:

- the benefits of employing people disabilities . . .
- the capabilities and daily lives of people with developmental disabilities from speakers with disabilities . . .
- all the services provided by the Summit MRDD and affiliated agencies for babies, children, teenagers, adults and senior citizens with disabilities.

People with disabilities are your neighbors, fellow students, co-workers and citizens of Summit County. They live, learn, work, and play throughout the County just like everyone else.

If you would like to schedule a speaker for your group, business, or organization, contact Bonnie Binns, Volunteer and Community Activities Coordinator at the Summit MRDD Speakers Bureau at bbinns@summitmrdd.org or (330) 634-8873.

Or, complete and return the attached form.
